

ACTIVATION: Prophetic Flow - From your testimony

Think of a testimony you have, e.g. an experience of God or an answer to prayer...

- How did it make you feel?
- What did you discover/know more about God.
- What revelation/understanding did you receive?
- What area of faith was grown in you?

Spend a few minutes meditating on your testimony.

From this space prophesy a blessing over the person and just let it flow for 2 minutes. If you get stuck just think about your testimony again and then start speaking/prophesying again.

(Ask permission, ask for feedback, and remember "HEART").
